

Simple Proofs of LGBTQ Insanity

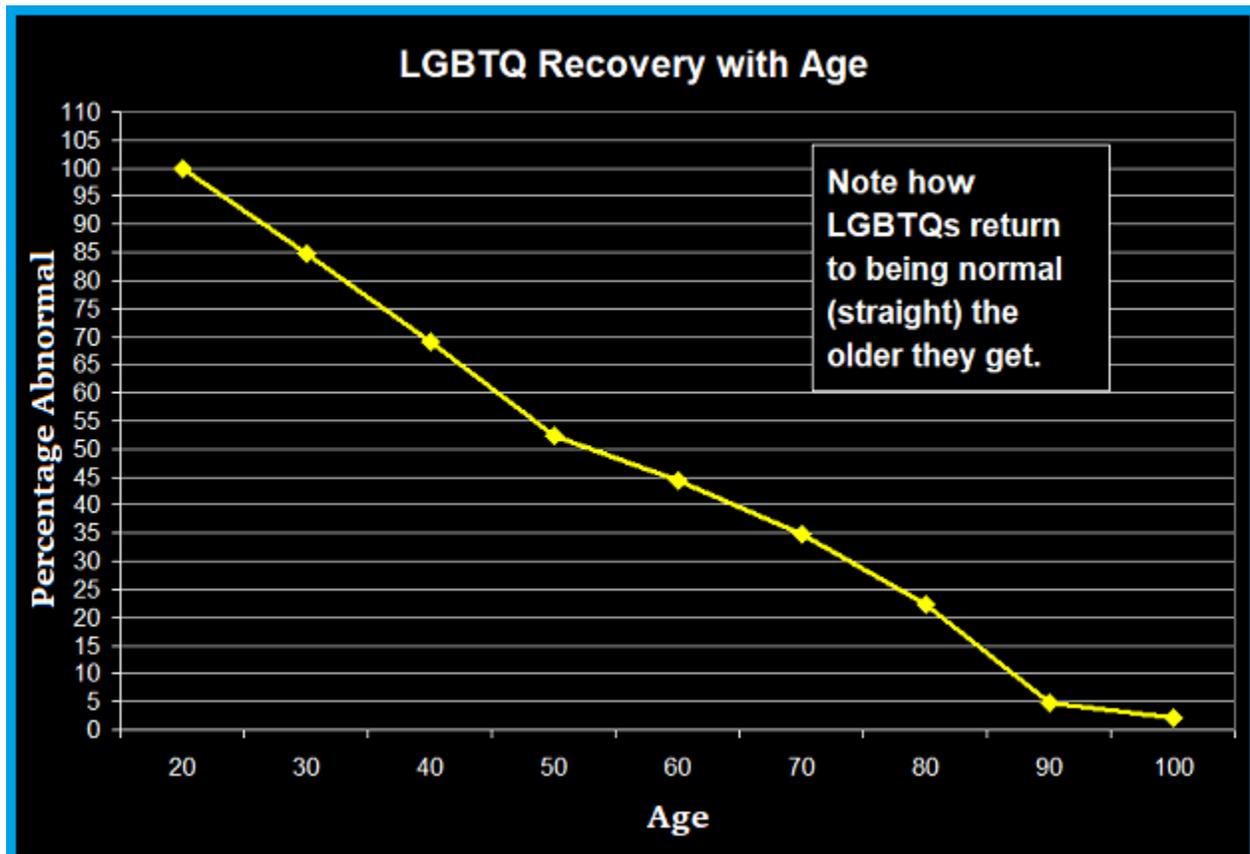

By Dr. Michael Bisconti

Proof #2947 of LGBTQ Mental Illness: LGBTQ Recovery Rate

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/09/16/lgbtq-recovery-rate/>

A picture is worth a thousand words. The graph below presents the results of tracking 10,000 LGBTQs for 50 years (UPAX Study Z179.K4322.114 [volume available upon request]). The conclusion is unavoidable. We'll let you draw the conclusion for yourself. Note that Dr. Satinover arrived at the same conclusion in an **earlier study**, which referenced other studies; see, for example, page 22 of Dr. Satinover's **study**.

Proof #174 of LGBTQ Mental Illness: Bisexual Delusion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-174-of-lgbtq-mental-illness-bisexual-delusion/>

Bisexual delusion is the delusion that one is sexually attracted to both men and women.

Proof #2948 of LGBTQ Mental Illness: Empirical Casmopatry

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2948-of-lgbtq-mental-illness-empirical-casmopatry/>

Psychiatrists at the APA (American Psychiatric Association) are so stupid that they don't even know what the word "casmopatry" means.? Of course, we don't expect *you* to know the meaning of a word that you have never heard.

APA psychiatrists believe that the psychophysical universe is one-dimensional with the physical dominating the psychological.? In other words, brain chemistry is the god of the human mind.? However, even the latest discoveries in theoretical physics state that the physical universe is multidimensional (we will prove this in future articles).? More important, we now see casmopatric interfaces between molecular constructs and human thoughts and emotions.? This means that we now know (scientifically speaking, for everyone knows this by common sense) that there is, to a degree, really such a thing as *mind over matter*.

Proof #2949 of LGBTQ Mental Illness: (Male) Castration

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2949-of-lgbtq-mental-illness-male-castration/>

LGBTQs favor castration of boys to relieve emotional distress one million times more than psychiatric counseling.

Proof #2950 of LGBTQ Mental Illness: Female Genital Mutilation

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2950-of-lgbtq-mental-illness-female-genital-mutilation/>

LGBTQs favor genital mutilation of girls to relieve emotional distress a million times more than psychiatric counseling.

Proof #2951 of LGBTQ Mental Illness: Feedback

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2951-of-lgbtq-mental-illness-feedback/>

99.99% of our feedback is that we have proven a thousand times over that LGBTQs are mentally ill.

Proof #2952 of LGBTQ Mental Illness: Wild Goose Chase

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2952-of-lgbtq-mental-illness-wild-goose-chase/>

The bodily changes that some LGBTQs undergo ***never increase or enhance their sexual enjoyment.***? The body's capacity to be a channel of pleasure is ***genetically fixed.***

Proof #2953 of LGBTQ Mental Illness: Dependence

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2953-of-lgbtq-mental-illness-dependence/>

LGBTQs increasingly return to being normal (straight) the more the people who support them leave or die.

Proof #2954 of LGBTQ Mental Illness: Contradiction

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2954-of-lgbtq-mental-illness-contradiction/>

LGBTQs contradict the **Lincoln System**.

Proof #2955 of LGBTQ Mental Illness: LGBTQ Defenselessness

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2955-of-lgbtq-mental-illness-lgbtq-defenselessness/>

LGBTQs have never offered a credible defense of their delusion that they are not mentally ill.

Proof #249 of LGBTQ Mental Illness: Blackmail

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-249-of-lgbtq-mental-illness-blackmail/>

Since 1973, over 2,000 LGBTQ groups and organizations have blackmailed over 673 politicians, clergy, other leaders, etc. to get them to vote and/or otherwise act in favor of LGBTQs, and those are only the ones we know about.

Proof #154 of LGBTQ Mental Illness: Transgender Psychosism

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-154-of-lgbtq-mental-illness-transgender-psychosis/>

Transgender psychosism is the mental condition in which a person believes that they are a member of the opposite sex.? All LGBTQs suffer from some form of transgender psychosism.

Proof #250 of LGBTQ Mental Illness: Confusion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-250-of-lgbtq-mental-illness-confusion/>

Those who support LGBTQs are constantly confusing things; in particular, **genetic abnormalities** (gender paranormalities) and **sexual grouping**.? For example, they will correctly state that there are hermaphrodites (people born with sexual characteristics of both genders [such characteristics never both fully functional]) and then claim that LGBTQs are “partial hermaphrodites.”? What utter nonsense!? LGBTQs are genetically no different than any other non-hermaphrodite.? The confusion comes in when a hermaphrodite chooses to become an LGBTQ.? The LGBTQ “confusers” then say, “See a hermaphrodite is a type of LGBTQ.”? That’s like saying, “I added an apple to a pile of oranges; so, now I have a larger pile of oranges.”

Proof #251 of LGBTQ Mental Illness: Homosexual Animals

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-251-of-lgbtq-mental-illness-homosexual-animals/>

Every once and a while, an LGBTQ will say, “There are homosexual animals.? That proves that homosexuality is natural.”? Well:

All so-called homosexual animals die off within one or two generations.

Proof #252 of LGBTQ Mental Illness: Children

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-252-of-lgbtq-mental-illness-children/>

LGBTQs infect children with their mental illness and turn them into perverts.

Proof #253 of LGBTQ Mental Illness: Suppression

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-253-of-lgbtq-mental-illness-suppression/>

From 1960 to the present, LGBTQ activists have been suppressing the science that proves that LGBTQs are mentally ill.? In one instance, when psychiatrists voted whether to reclassify homosexuals as mentally normal, LGBTQ activists suppressed the vote of 67% of psychiatrists, who, shortly after the vote, said they would have voted to maintain the classification of homosexuals as mentally ill (see **How Gays Tricked the Supreme Court**).? Fortunately, the internet has given truth a greater voice and, now, the truth about LGBTQs is once again getting out more widely.

Proofs #254 Thru #2944 of LGBTQ Mental Illness: Confessions

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-254-thru-2944-of-lgbtq-mental-illness-confessions/>

We have 2,691 confessions of former LGBTQs in which they state that they were LGBTQs by choice and not because they were born LGBTQs.? Also, 97% of these individuals state that they previously did not care about right and wrong and about God and God's will.? We will be providing each and every one of these confessions over time.? Finally, we have 73,000 other confessions but we have not verified their veracity yet.

Proof #2945 of LGBTQ Mental Illness: Zero City

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2945-of-lgbtq-mental-illness-zero-city/>

“Zero city” is our term for individuals and/or groups that have provided no refutation of an argument for or against something. As it pertains to our proofs of LGBTQ mental illness, there is a zero city; that is, there are no individuals and/or groups that have refuted any of our proofs.

Proof #2946 of LGBTQ Mental Illness: Overthinking

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2946-of-lgbtq-mental-illness-overthinking/>

LGBTQs and their supporters overthink the issues relating to LGBTQs.? You will find many of their “overthoughts” at **Proof LGBTQs Are Mentally Ill: Gender**.

Proof #177 of LGBTQ Mental Illness: Transgender Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-177-of-lgbtq-mental-illness-transgender-psychosis/>

Transgender psychosis is the mental condition in which a person is suffering from **transgender delusion** and believes that they cannot avoid becoming a member of the opposite sex.

Proof #250 of LGBTQ Mental Illness: Confusion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-250-of-lgbtq-mental-illness-confusion/>

Those who support LGBTQs are constantly confusing things; in particular, **genetic abnormalities** (gender paranormalities) and **sexual grouping**.? For example, they will correctly state that there are hermaphrodites (people born with sexual characteristics of both genders [such characteristics never both fully functional]) and then claim that LGBTQs are “partial hermaphrodites.”? What utter nonsense!? LGBTQs are genetically no different than any other non-hermaphrodite.? The confusion comes in when a hermaphrodite chooses to become an LGBTQ.? The LGBTQ “confusers” then say, “See a hermaphrodite is a type of LGBTQ.”? That’s like saying, “I added an apple to a pile of oranges; so, now I have a larger pile of oranges.”

Proof #251 of LGBTQ Mental Illness: Homosexual Animals

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-251-of-lgbtq-mental-illness-homosexual-animals/>

Every once and a while, an LGBTQ will say, “There are homosexual animals.? That proves that homosexuality is natural.”? Well:

All so-called homosexual animals die off within one or two generations.

Proof #252 of LGBTQ Mental Illness: Children

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-252-of-lgbtq-mental-illness-children/>

LGBTQs infect children with their mental illness and turn them into perverts.

Proof #253 of LGBTQ Mental Illness: Suppression

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-253-of-lgbtq-mental-illness-suppression/>

From 1960 to the present, LGBTQ activists have been suppressing the science that proves that LGBTQs are mentally ill.? In one instance, when psychiatrists voted whether to reclassify homosexuals as mentally normal, LGBTQ activists suppressed the vote of 67% of psychiatrists, who, shortly after the vote, said they would have voted to maintain the classification of homosexuals as mentally ill (see **How Gays Tricked the Supreme Court**).? Fortunately, the internet has given truth a greater voice and, now, the truth about LGBTQs is once again getting out more widely.

Proofs #254 Thru #2944 of LGBTQ Mental Illness: Confessions

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-254-thru-2944-of-lgbtq-mental-illness-confessions/>

We have 2,691 confessions of former LGBTQs in which they state that they were LGBTQs by choice and not because they were born LGBTQs.? Also, 97% of these individuals state that they previously did not care about right and wrong and about God and God's will.? We will be providing each and every one of these confessions over time.? Finally, we have 73,000 other confessions but we have not verified their veracity yet.

Proof #2945 of LGBTQ Mental Illness: Zero City

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2945-of-lgbtq-mental-illness-zero-city/>

“Zero city” is our term for individuals and/or groups that have provided no refutation of an argument for or against something. As it pertains to our proofs of LGBTQ mental illness, there is a zero city; that is, there are no individuals and/or groups that have refuted any of our proofs.

Proof #2946 of LGBTQ Mental Illness: Overthinking

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-2946-of-lgbtq-mental-illness-overthinking/>

LGBTQs and their supporters overthink the issues relating to LGBTQs.? You will find many of their “overthoughts” at **Proof LGBTQs Are Mentally Ill: Gender**.

Proof #177 of LGBTQ Mental Illness: Transgender Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-177-of-lgbtq-mental-illness-transgender-psychosis/>

Transgender psychosis is the mental condition in which a person is suffering from **transgender delusion** and believes that they cannot avoid becoming a member of the opposite sex.

Proof #162 of LGBTQ Mental Illness: Synaptic Synergy

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-162-of-lgbtq-mental-illness-synaptic-synergy/>

LGBTQs uniformly experience a degradation in synaptic synergy.

Proof #163 of LGBTQ Mental Illness: Neuropsychigendralapathology

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-163-of-lgbtq-mental-illness-neuropsychigendralapathology/>

“Neuropsychigendralapathology” is pronounced “ner-oh-sigh-k-gen-drell-uh-pathology.”? It is the science of the relationships between the brain, the mind, gender, and mental disease, which is based on discoveries made by **Super Mind: The Human Psynome Project**.? Neuropsychigendralapathology is also called “neurosotology,” which is way easier to remember.? At any rate, neurosotology has identified one hundred **psynomes** that explain 99% of sexualism-based mental illness and, in particular, has identified **the three psynomes responsible for gender derangement syndrome**.

Proof #168 of LGBTQ Mental Illness: Intersex People

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-168-of-lgbtq-mental-illness-intersex-people/>

Intersex people are born with any of several variations in sex characteristics including chromosomes, gonads, sex hormones, or genitals that do not fit the ideas of male or female bodies. Such variations may involve genital ambiguity and combinations of chromosomal (unseen) genotype and sexual (seen) phenotype other than XY-male and XX-female. Hermaphrodites are intersex people but not all intersex people are hermaphrodites. LGBTQs may or may not be intersex people. LGBTQs may or may not be hermaphrodites. LGBTQs present themselves as a class that is on a continuum with (being a form of) intersex people but, obviously, this is pure nonsense.

Now, intersex people are not both male and female. Intersex people are not partially male and partially female. Intersex people are not male and partially female. Intersex people are not female and partially male. **All people are either male or female or gender paranormal** (gender “abnormal” [note quotes {see **Proof #41 of LGBTQ Mental Illness: Hermaphroditism**}}).

Proof #41 of LGBTQ Mental Illness: Hermaphroditism

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-41-of-lgbtq-mental-illness-hermaphroditism/>

There are people who are born with abnormalities in terms of their sexual organs.? *There has never been a person who possesses **fully functional** sexual organs of both genders.*? People are either male or female or gender paranormal (gender “abnormal” [Note quotes. Some gender paranormal people learn to live with their condition and, therefore, stop seeing themselves as existing in an undesirable state. Since their perception of undesirability has ended, the word “abnormal” no longer applies to these paranormal people]).? A gender paranormal person is not both male and female.? ***There has never been a person who is both male and female.***? The eyes alone do not tell the tale.

Proof #169 of LGBTQ Mental Illness: Necrotic Hypopituitarism

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-169-of-lgbtq-mental-illness-necrotic-hypopituitarism/>

Autopsies on fifty transgenders proves that they were all suffering from necrotic hypopituitarism.? This means that they were all suffering from diminished hormone secretion that affected both their sex drive and judgment.

Proof #170 of LGBTQ Mental Illness: Gay Delusion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-170-of-lgbtq-mental-illness-gay-delusion/>

Gay delusion is the delusion that a man is sexually attracted to another man.

Proof #171 of LGBTQ Mental Illness: Lesbian Delusion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-171-of-lgbtq-mental-illness-lesbian-delusion/>

Lesbian delusion is the delusion that a woman is sexually attracted to another woman.

Proof #82 of LGBTQ Mental Illness: Mutability

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-82-of-lgbtq-mental-illness-mutability/>

Contrary to claims by LGBTQs and their supporters, there is nothing immutable (unchangeable) about LGBTQs.? In fact, 75% of all LGBTQs, sooner or later, become straight again. See **How Gays Tricked the Supreme Court (288 KB)** for detailed information.

Proof #172 of LGBTQ Mental Illness: Lesbian Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-172-of-lgbtq-mental-illness-lesbian-psychosis/>

Lesbian psychosis is the mental condition in which a woman is suffering from **lesbian delusion** and believes that they cannot avoid sexual contact with another woman.

Proof #83 of LGBTQ Mental Illness: Fake Immutability

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-83-of-lgbtq-mental-illness-fake-immutability/>

LGBTQs, in order to fool the public into thinking that they have an immutable (unchangeable) trait (nature), invented ***fake immutability***.? Fake immutability is the idea that, ***if something lasts for more than a week, it is permanent***.? Okay, let's see, it has been raining for more than a week; that must mean it is never going to stop raining.? What idiocy!

Proof #173 of LGBTQ Mental Illness: Gay Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-173-of-lgbtq-mental-illness-gay-psychosis/>

Gay psychosis is the mental condition in which a man is suffering from **Gay delusion** and believes that they cannot avoid sexual contact with another man.

Proof #159 of LGBTQ Mental Illness: 2017 Cyclone Study

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-159-of-lgbtq-mental-illness-2017-cyclone-study/>

The [2017 Cyclone Study](#) (link not activated yet) tracks 1,000 LGBTQs over a twenty-year period.? It proves that LGBTQs degenerate in a variety of ways over time.? More later.

Proof #41 of LGBTQ Mental Illness: Hermaphroditism

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-41-of-lgbtq-mental-illness-hermaphroditism/>

There are people who are born with abnormalities in terms of their sexual organs.? *There has never been a person who possesses **fully functional** sexual organs of both genders.*? People are either male or female or gender paranormal (gender “abnormal” [Note quotes. Some gender paranormal people learn to live with their condition and, therefore, stop seeing themselves as existing in an undesirable state. Since their perception of undesirability has ended, the word “abnormal” no longer applies to these paranormal people]).? A gender paranormal person is not both male and female.? ***There has never been a person who is both male and female.***? The eyes alone do not tell the tale.

Proof #169 of LGBTQ Mental Illness: Necrotic Hypopituitarism

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-169-of-lgbtq-mental-illness-necrotic-hypopituitarism/>

Autopsies on fifty transgenders proves that they were all suffering from necrotic hypopituitarism.? This means that they were all suffering from diminished hormone secretion that affected both their sex drive and judgment.

Proof #170 of LGBTQ Mental Illness: Gay Delusion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-170-of-lgbtq-mental-illness-gay-delusion/>

Gay delusion is the delusion that a man is sexually attracted to another man.

Proof #171 of LGBTQ Mental Illness: Lesbian Delusion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-171-of-lgbtq-mental-illness-lesbian-delusion/>

Lesbian delusion is the delusion that a woman is sexually attracted to another woman.

Proof #82 of LGBTQ Mental Illness: Mutability

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-82-of-lgbtq-mental-illness-mutability/>

Contrary to claims by LGBTQs and their supporters, there is nothing immutable (unchangeable) about LGBTQs.? In fact, 75% of all LGBTQs, sooner or later, become straight again. See **How Gays Tricked the Supreme Court (288 KB)** for detailed information.

Proof #172 of LGBTQ Mental Illness: Lesbian Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-172-of-lgbtq-mental-illness-lesbian-psychosis/>

Lesbian psychosis is the mental condition in which a woman is suffering from **lesbian delusion** and believes that they cannot avoid sexual contact with another woman.

Proof #83 of LGBTQ Mental Illness: Fake Immutability

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-83-of-lgbtq-mental-illness-fake-immutability/>

LGBTQs, in order to fool the public into thinking that they have an immutable (unchangeable) trait (nature), invented ***fake immutability***.? Fake immutability is the idea that, ***if something lasts for more than a week, it is permanent***.? Okay, let's see, it has been raining for more than a week; that must mean it is never going to stop raining.? What idiocy!

Proof #173 of LGBTQ Mental Illness: Gay Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-173-of-lgbtq-mental-illness-gay-psychosis/>

Gay psychosis is the mental condition in which a man is suffering from **Gay delusion** and believes that they cannot avoid sexual contact with another man.

Proof #84 of LGBTQ Mental Illness: Chromosomes

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-84-of-lgbtq-mental-illness-chromosomes/>

The chromosomes of LGBTQs are the same as those of normal people.

Proof #158 of LGBTQ Mental Illness: California

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-158-of-lgbtq-mental-illness-california/>

California has the largest LGBTQ population in the country.? They also have the highest rate of sexually transmitted diseases in America and more rapes every year than any other state in America.? They also have more rapes every year than the states of New York, Illinois, and Texas combined.

Proof #84 of LGBTQ Mental Illness: Chromosomes

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-84-of-lgbtq-mental-illness-chromosomes/>

The chromosomes of LGBTQs are the same as those of normal people.

Proof #158 of LGBTQ Mental Illness: California

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-158-of-lgbtq-mental-illness-california/>

California has the largest LGBTQ population in the country.? They also have the highest rate of sexually transmitted diseases in America and more rapes every year than any other state in America.? They also have more rapes every year than the states of New York, Illinois, and Texas combined.

Proof #85 of LGBTQ Mental Illness: Genes

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-85-of-lgbtq-mental-illness-genes/>

The genes of LGBTQs are the same as those of normal people.

Proof #86 of LGBTQ Mental Illness: Smart Genomes

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-86-of-lgbtq-mental-illness-genomes/>

The genomes of smart LGBTQs are the same as those of smart normal people.

Proof #87 of LGBTQ Mental Illness: Anatomy

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-87-of-lgbtq-mental-illness-anatomy/>

The anatomies of LGBTQs are the same as those of normal people.? This is **effectively** true in the case of hermaphrodites because the anatomical abnormality of hermaphrodites is always at least 87% of what is anatomically normal and, really the only important thing, **hermaphrodites never possess abnormal ability.**

Proofs #43 Thru #80 of LGBTQ Mental Illness: Sanity Manifesto 7.0 Beta

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proofs-43-thru-80-of-lgbtq-mental-illness-sanity-manifesto-7-0-beta-2/>

See **Proofs #43 Thru #80 of LGBTQ Mental Illness: Sanity Manifesto 7.0 Beta.**

Proof #88 of LGBTQ Mental Illness: Divorce

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-88-of-lgbtq-mental-illness-divorce/>

LGBTQs get divorced at a rate ten times the national average.

Proof #89 of LGBTQ Mental Illness: Obsessive-Compulsive Disorder

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-89-of-lgbtq-mental-illness-obsessive-compulsive-disorder/>

LGBTQs suffer from obsessive-compulsive disorder at a rate one hundred times the national average.

Proof #90 of LGBTQ Mental Illness: IQ

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-90-of-lgbtq-mental-illness-iq/>

LGBTQs score an average of ten points lower on IQ tests than normal people.

Proof #91 of LGBTQ Mental Illness: Hell Dreams

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-91-of-lgbtq-mental-illness-hell-dreams/>

LGBTQs have hell dreams (dreams that they are in hell) a thousand times more often than other people.

Proof #157 of LGBTQ Mental Illness: San Francisco

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-157-of-lgbtq-mental-illness-san-francisco/>

San Francisco has the largest LGBTQ population in the country.? They also have the highest rate of sexually transmitted diseases in America and more rapes every year than any other city in America.? They also have more rapes every year than New York, Chicago, and Los Angeles combined.

Proof #84 of LGBTQ Mental Illness: Chromosomes

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-84-of-lgbtq-mental-illness-chromosomes/>

The chromosomes of LGBTQs are the same as those of normal people.

Proof #158 of LGBTQ Mental Illness: California

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-158-of-lgbtq-mental-illness-california/>

California has the largest LGBTQ population in the country.? They also have the highest rate of sexually transmitted diseases in America and more rapes every year than any other state in America.? They also have more rapes every year than the states of New York, Illinois, and Texas combined.

Proof #85 of LGBTQ Mental Illness: Genes

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-85-of-lgbtq-mental-illness-genes/>

The genes of LGBTQs are the same as those of normal people.

Proof #86 of LGBTQ Mental Illness: Smart Genomes

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-86-of-lgbtq-mental-illness-genomes/>

The genomes of smart LGBTQs are the same as those of smart normal people.

Proof #87 of LGBTQ Mental Illness: Anatomy

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-87-of-lgbtq-mental-illness-anatomy/>

The anatomies of LGBTQs are the same as those of normal people.? This is **effectively** true in the case of hermaphrodites because the anatomical abnormality of hermaphrodites is always at least 87% of what is anatomically normal and, really the only important thing, **hermaphrodites never possess abnormal ability.**

Proof #34 of LGBTQ Mental Illness: Image Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-34-of-lgbtq-mental-illness-image-psychosis/>

LGBTQs suffer from image psychosis.? Image psychosis is the mental condition in which one believes that *all* of their mental experiences are mental images (imagination).? All mental experiences are *manifestations*, not imaginations.? Now, of course, *some* mental experiences, that is, some mental manifestations, *are* imaginations.

Proof #35 of LGBTQ Mental Illness: Transience Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-35-of-lgbtq-mental-illness-transience-psychosis/>

LGBTQs suffer from transience psychosis.? Transience psychosis is the mental condition in which one believes that all mental manifestations are temporary.? A mental manifestation is a mental “experience” (note quotes because a manifestation, while experienced, may *actually or virtually* metaphysically exist apart from the experiencing of it).

Proof #36 of LGBTQ Mental Illness: Suicide

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-36-of-lgbtq-mental-illness-suicide/>

LGBTQs commit suicide at a rate one hundred times the national average.

Proof #37 of LGBTQ Mental Illness: Serotonin

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-37-of-lgbtq-mental-illness-serotonin/>

LGBTQs suffer from low serotonin levels.? Low levels of serotonin are associated with increased libido.

Proof #27 of LGBTQ Mental Illness: Drug Addiction

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-27-of-lgbtq-mental-illness-drug-addiction/>

LGBTQs suffer drug addiction at a rate 50,000 times the national average.

Proof #28 of LGBTQ Mental Illness: Deception

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-28-of-lgbtq-mental-illness-deception/>

LGBTQs have lied to the Supreme Court and other courts on multiple occasions.?

See **How Gays Tricked the Supreme Court.**

Proof #29 of LGBTQ Mental Illness: Conspiracy

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-29-of-lgbtq-mental-illness-conspiracy/>

The few mental health professionals (therapists, psychotherapists, psychologists, psychoanalysts, psychiatrists, etc.) who claim that LGBTQs are not mentally ill are, themselves, LGBTQs.? Surprise, surprise.

Proof #30 of LGBTQ Mental Illness: Neuromapping

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-30-of-lgbtq-mental-illness-neuromapping/>

LGBTQs experience neuromapping (neural remapping) within a week of their first abnormal sexual (LGBTQ) encounter.? Neuromapping is accompanied by a loss of cogitative efficiency (a reduction in speed of thinking).

Proof #31 of LGBTQ Mental Illness: Front Organizations

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-31-of-lgbtq-mental-illness-front-organizations/>

A front organization is a fake organization.? Now, from 1960 to the present, LGBTQ activists created 133,000 front organizations, which they used to **lie to the American people and the American courts** and through which they **funneled 10 billion dollars to politicians at all levels of government.**? These front organizations were given patriotic names like “Gays for America” and “Lesbians in Defense of America.”? Of course, they didn’t and do not care a whit about America.

Proof #32 of LGBTQ Mental Illness: Fake Media

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-32-of-lgbtq-mental-illness-fake-media/>

From 1950 to the present, more and more media have promoted the lies of LGBTQ activists. Why?? A combination of factors, including greed, powermongering, and their own gendrome (GDS {[Gender Derangement Syndrome]}).

Proof #33 of LGBTQ Mental Illness: Sublimation

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-33-of-lgbtq-mental-illness-sublimation/>

Sublimation is the switching of the target of an appetite from its natural target to another target; for example, a person can switch their appetite for food to wood.? In terms of abnormal (LGBTQ) behavior, Gays switch their appetite for a woman to a man, lesbians switch their appetite for a man to a woman, bisexuals either switch their appetite for a man to a genderless person or their appetite for a woman to a genderless person, and transgenders either switch their appetite for a male self to a female self or a female self to a male self.

Proof #34 of LGBTQ Mental Illness: Image Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-34-of-lgbtq-mental-illness-image-psychosis/>

LGBTQs suffer from image psychosis.? Image psychosis is the mental condition in which one believes that *all* of their mental experiences are mental images (imagination).? All mental experiences are *manifestations*, not imaginations.? Now, of course, *some* mental experiences, that is, some mental manifestations, *are* imaginations.

Proof #35 of LGBTQ Mental Illness: Transience Psychosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-35-of-lgbtq-mental-illness-transience-psychosis/>

LGBTQs suffer from transience psychosis.? Transience psychosis is the mental condition in which one believes that all mental manifestations are temporary.? A mental manifestation is a mental “experience” (note quotes because a manifestation, while experienced, may *actually or virtually* metaphysically exist apart from the experiencing of it).

Proof #36 of LGBTQ Mental Illness: Suicide

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-36-of-lgbtq-mental-illness-suicide/>

LGBTQs commit suicide at a rate one hundred times the national average.

Proof #26 of LGBTQ Mental Illness: Poverty

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-26-of-lgbtq-mental-illness-poverty/>

LGBTQs are a thousand times more likely to become poor than the average person.

Proof #27 of LGBTQ Mental Illness: Drug Addiction

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-27-of-lgbtq-mental-illness-drug-addiction/>

LGBTQs suffer drug addiction at a rate 50,000 times the national average.

Proof #28 of LGBTQ Mental Illness: Deception

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-28-of-lgbtq-mental-illness-deception/>

LGBTQs have lied to the Supreme Court and other courts on multiple occasions.?

See **How Gays Tricked the Supreme Court.**

Proof #29 of LGBTQ Mental Illness: Conspiracy

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-29-of-lgbtq-mental-illness-conspiracy/>

The few mental health professionals (therapists, psychotherapists, psychologists, psychoanalysts, psychiatrists, etc.) who claim that LGBTQs are not mentally ill are, themselves, LGBTQs.? Surprise, surprise.

Proof #14 of LGBTQ Mental Illness: Bipolar Disorder

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-14-of-lgbtq-mental-illness-bipolar-disorder/>

All lesbians, Gays, bisexuals, and transgenders are found somewhere on the Extended Spectral Band of Bipolar Disorders.? In particular, transgenders have some degree of full-fledged bipolar disorder.

Proof #15 of LGBTQ Mental Illness: Effeminization

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-15-of-lgbtq-mental-illness-effeminization/>

Masculine men become effeminate **after** they engage in a sexually abnormal (LGBTQ) lifestyle.? The Bible (God) says that this will happen:

*Romans 1:26-27: For this cause God gave them up unto vile affections: for even their women did change the natural use into that which is against nature: (27) And likewise also the **men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompence [punishment] of their error [sin] which was meet [appropriate (men who act like women become effeminate)].***

Proof #16 of LGBTQ Mental Illness: Masculinization

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-16-of-lgbtq-mental-illness-masculinization/>

Feminine women become mannish **after** they engage in a sexually abnormal (LGBTQ) lifestyle.? The Bible (God) says that this will happen:

*Romans 1:26-27: For this cause God gave them up unto vile affections: for even their **women did change the natural use into that which is against nature: ?(27)?** And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompence [punishment] of their error [sin] which was meet [appropriate (women who act like men become mannish)].*

Proof #17 of LGBTQ Mental Illness: Atrophy

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-17-of-lgbtq-mental-illness-atrophy/>

LGBTQs experience atrophy (deterioration) of their sexual organs over time.

Proof #18 of LGBTQ Mental Illness: Testosterosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-18-of-lgbtq-mental-illness-testosterosis/>

Males who adopt a sexually abnormal (LGBTQ) lifestyle eventually suffer some degree of testosterosis (testosterone deficiency).

Proof #19 of LGBTQ Mental Illness: Progesterosis

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-19-of-lgbtq-mental-illness-progesterosis/>

Women who adopt a sexually abnormal (LGBTQ) lifestyle eventually suffer some degree of progesterosis (progesterone deficiency).

Proof #20 of LGBTQ Mental Illness: Institutionalization

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-20-of-lgbtq-mental-illness-institutionalization/>

LGBTQs require institutionalization (placement in a mental hospital) one thousand times more often than the average person.

Proof #21 of LGBTQ Mental Illness: Cruelty

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-21-of-lgbtq-mental-illness-cruelty/>

LGBTQs force their children to undergo sex change in 1 out of 3 cases, compared to 1 out of 1,000,000,000 for the average person.

Proof #22 of LGBTQ Mental Illness: STDs (Sexually Transmitted Diseases)

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-22-of-lgbtq-mental-illness-stds-sexually-transmitted-diseases/>

LGBTQs contract STDs (sexually transmitted diseases) at a rate 10,000 times the national average.

Proof #7 of LGBTQ Mental Illness: Inconsistency

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-7-of-lgbtq-mental-illness-inconsistency/>

LGBTQs are inconsistent.? This is most obvious when it comes to bisexuals, who sleep with both men and women.? Well, which is it, are you a heterosexual or a homosexual?? You can't be both.

Proof #8 of LGBTQ Mental Illness: Coercion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-8-of-lgbtq-mental-illness-coercion/>

LGBTQs seeking to leave an abnormal (LGBTQ) lifestyle, in 75% of cases, are threatened by their abnormal (LGBTQ) peers with bodily harm if they say that they are going to leave an abnormal (LGBTQ) lifestyle.

Proof #9 of LGBTQ Mental Illness: Brainwashing

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-9-of-lgbtq-mental-illness-brainwashing/>

40% of new LGBTQs are brainwashed into adopting an abnormal (LGBTQ) lifestyle.? This 40% consists of children and teenagers, who do not have fully developed powers of logic and reasoning.

Proof #10 of LGBTQ Mental Illness: Allergy

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-10-of-lgbtq-mental-illness-allergy/>

Every LGBTQ suffers an allergic reaction, some strong, some very strong, to their partner the very first time they have sex.

Proof #11 of LGBTQ Mental Illness: Quicksand

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-11-of-lgbtq-mental-illness-quicksand/>

LGBTQs rely on a very, very old (1957) paper written by discredited psychologist Evelyn Hooker that was long ago debunked (see **How Gays Tricked the Supreme Court**).? Thus, instead of a reliable foundation for their thinking, LGBTQs build on utterly failed quicksand.

Proof #12 of LGBTQ Mental Illness: Disease

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-12-of-lgbtq-mental-illness-disease/>

LGBTQs suffer from DBDs (Deteriorative Brain Diseases), which includes **Alzheimer's**, at a rate one million times the national average.

Proof #13 of LGBTQ Mental Illness: Schizophrenia

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-13-of-lgbtq-mental-illness-schizophrenia/>

All lesbians, Gays, bisexuals, and transgenders suffer from a form of schizophrenia; specifically, self-inductive?quasmosotic schizophrenia.? In its mild form SQS (self-inductive?quasmosotic schizophrenia) gives us people like Ellen Degeneres and Elton John.

Proof #1 of LGBTQ Mental Illness: Reversion

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-1-of-lgbtq-mental-illness/>

One major proof that LGBTQs are mentally ill is that they all increasingly tend to switch back to a normal lifestyle the older they get.

Proof #3 of LGBTQ Mental Illness: Twins

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-3-of-lgbtq-mental-illness-twins/>

A study of 100 pairs of twins constituting a representative sample of the global population shows that twins are one thousand times more likely to be normal-normal rather than normal-abnormal (normal-LGBTQ).

Proof #4 of LGBTQ Mental Illness: Association

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-4-of-lgbtq-mental-illness-association/>

People who associate with abnormal (LGBTQ) people are one thousand times more likely to adopt the abnormal (LGBTQ) lifestyle.

Proof #5 of LGBTQ Mental Illness: Exposure

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-5-of-lgbtq-mental-illness-exposure/>

Children who are taught that abnormal (LGBTQ) lifestyles are normal are ten thousand times more likely to adopt the abnormal (LGBTQ) lifestyles.

Proof #6 of LGBTQ Mental Illness: Encouragement

By Dr. Michael Bisconti

<https://simple.gendrome.com/2017/10/06/proof-6-of-lgbtq-mental-illness-encouragement/>

People are a thousand times more likely to adopt an abnormal (LGBTQ) lifestyle when the people around them encourage them to adopt an abnormal (LGBTQ) lifestyle.

Two New Proofs of LGBTQ Mental Illness

By Dr. Michael Bisconti

<https://simple.gendrome.com/2019/11/21/two-new-proofs-of-lgbtq-mental-illness/>

New Proof #1: Science-Rejecting Vote: The organization that said Gays are not mentally ill is the American Psychiatric Association. The American Psychiatric association **voted, not determined by science**, that Gays are not mentally ill.

New Proof #2: Blocked Voters: The American Psychiatric Association blocked 60% of their member psychiatrists from voting. These psychiatrists said that they would have voted against the “no mental illness of Gays.” In other words, they would have voted that Gays **are** mentally ill.
