

# How Gays Twist a Child's Mind

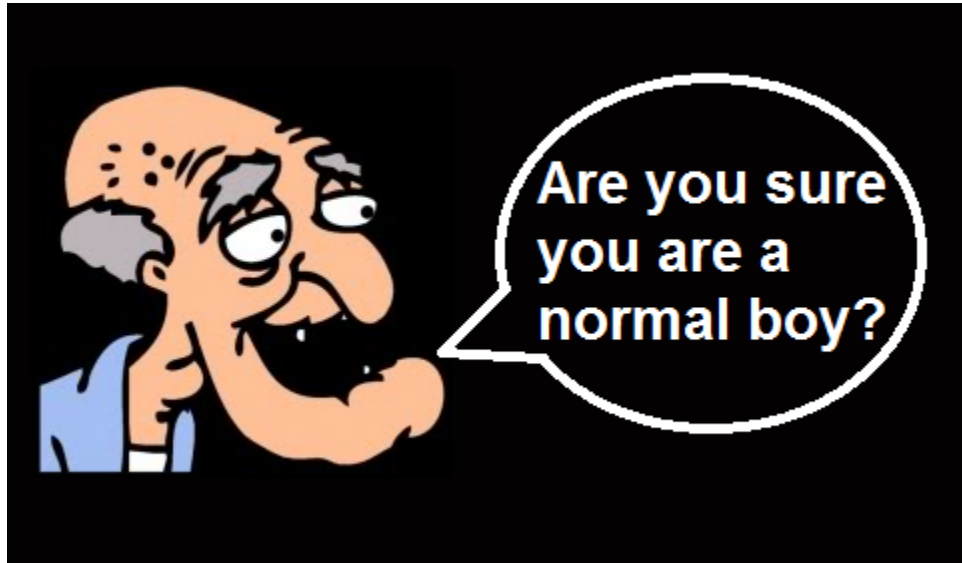

By Dr. Michael J. Bisconti  
Psychiatrist & Minister

in conjunction with

Chicago Christian University  
and the  
United States Psychiatric Association

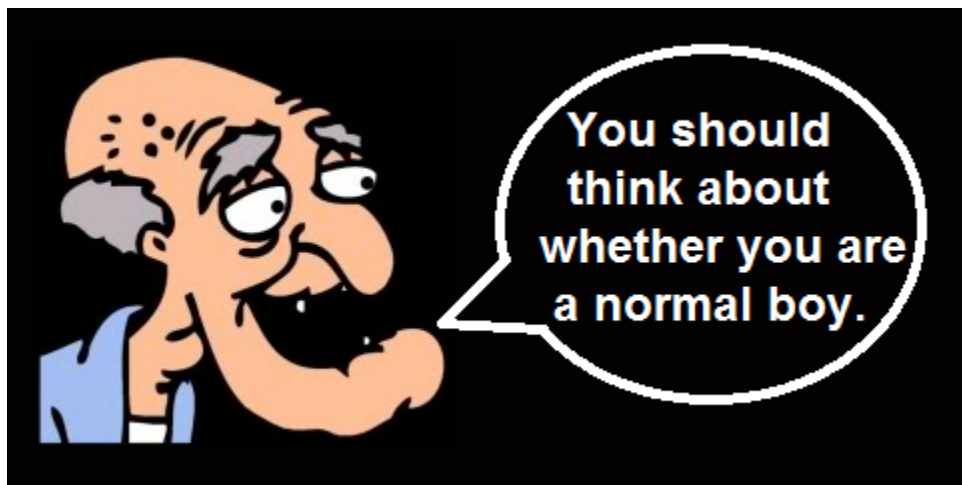

We now have 50 years of data and information that prove that Gays have been twisting the minds of children and turning them into mentally ill perverts; that is, into Gays, lesbians, bisexuals, and transgenders.

Step One  
"The Suggestion"

Boys (and girls) are susceptible (easily molded). The Gay pervert begins by planting the idea of "alternate identity" in the mind of the boy (or girl). The Gay pervert, then, waits.

Step 2  
"Incubation"

The Gay pervert encourages the boy to dwell on the idea of "being different" from other boys. His next step will be to plant the seed of "pervert identity."

Step 3  
"Pervert Seed"

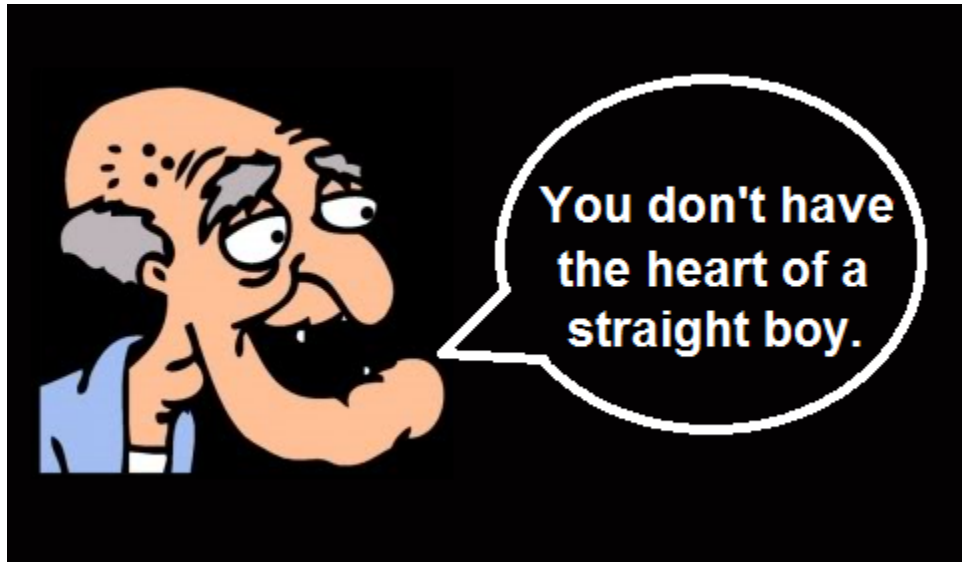

Now, the boy begins thinking about whether he is Gay.

Step 4  
"Feelings"

Little children do not have a full understanding of the difference between "boy feeling" and "girl feeling." The Gay pervert takes advantage of this fact to draw the boy (or girl) into believing that they have the feelings of a girl (or boy, in the case of the girl) and, therefore, *must not have the heart of a boy, a normal, straight boy.*

Step 5  
"Heart"

The Gay pervert cements the idea of not having the heart of a straight boy in the mind of the boy. The Gay pervert's next and final step is to persuade the boy that, since they don't have the heart of a straight boy, they must be a Gay boy.

Step 6  
"The Close"
